

OPC Request for Proposals

VIDEO CAMERA SYSTEM

The Office of the People's Counsel (the Office) is requesting proposals to install a Video Camera System for the Office located on the 5th floor of 1133 15th Street, N.W. Washington, D.C. 20001.

BACKGROUND:

The Office of the People's Counsel (OPC) has a requirement for a company to install a video camera system within the office suite to provide continuous video camera data for a minimum of 30 consecutive days. The Office of the People's Counsel is an independent agency of the District of Columbia government. By law, it is the advocate for consumers of natural gas, electric and telephone services in the District of Columbia. The Office also represents the interest of District ratepayers before federal regulatory agencies.

REQUIREMENTS:

The video camera system shall consist of a number of high-resolution color cameras at locations throughout the suite to provide optimal video coverage. The video cameras shall connect to a central video recording device to be located within the suite, sized to display and store video camera data for a minimum of 30 consecutive days. The system shall also include one (1) wall mounted video display monitor located outside the main entrance doors. There is an existing video camera system located within the suite that shall be removed and disposed of (with the exception of old video cabling located above ceilings or within walls, which shall be abandoned in-place).

All components of the video camera system shall be new and the project shall include all parts, materials, cabling, and labor (installation, testing, programming and training), to provide a complete and operational system

OTHER INFORMATION:

Attached is a floor plan of the office suite, which is comprised of approximately 15,000 sq. ft. of leased office space.

There will be a viewing of the Office suite on Thursday, September 26, 2013 at 3pm.

Proposal Issue Date: Friday, September 13, 2013

Proposal Due Date: Friday, October 4, 2013, no later than 4:00pm EST
